

Gene Farkas & David Jacobs, Designers The StiLLiFe Studio/Loft, 2010

201 Entrada Drive, Santa Monica, CA 90402

First Offering: Sheathed in a harlequin facade with expansive proscenium-like glazing, the StiLLiFe Studio has an aura of the Commedia dell'arte. This unique dwelling blends playful and artistic elements to craft a dramatic structure that radiates joyfulness.

The roof-top terrace offers a breathtaking 360-degree panorama of the surrounding canyon and ocean. Set against the backdrop of a sea grass dune, the terrace features a trompe-l'oeil "Bigger Splash" pool, creating a sun-drenched seating area. An Oldenberg-esque Monopoly hotel conceals a full bathroom, while the main level's open floor plan integrates a fully equipped kitchen, perfect for entertaining and watching sunsets. Meanwhile, a cleverly designed trailer on the second level serves as both bedroom and wardrobe, complemented by an outdoor (indoor) shower that connects to a bathroom, creating a master suite.

With exposure on all four sides, abundant natural light and ocean breezes permeate through floor-to-ceiling windows, enhancing the living spaces across both levels. A three-car garage is accessible from both Entrada Drive and Short Street, and has a secure, glass-enclosed entry at street level. Below, a large, well-lit, full-height basement, accessible via stairs or elevator that goes to all five levels, enhances the versatility of this unique structure.

\$3,975,000.
